Session #6: Concurrent Breakout Sessions

Meeting Room 1

A: Listening Session to Support E-Enterprise: Initiative on Quality Assurance Project Plans (QAPPs) - The purpose of this session is to provide conference attendees an opportunity to share input in the development and approval process of QAPPs as it relates to all media areas. The E-Enterprise Leadership Council identified QAPPs as a priority project in Sept 2017. Since then, discussions among tribal and state environmental professionals and EPA's Quality Management Program have highlighted challenges encountered when developing and seeking EPA approval of QAPPs. Through the input received, EPA, tribes and states can begin to scope out and develop a multi-phased strategy, using E-enterprise as means to streamline and modernize aspects of the QAPP program. *Presenters/Panelists:* Rebecca Moser and Vincia Holloman, EPA OEI; Micco Emarthla, Seneca Cayuga Nation; *Moderator:* Kristen Durance
